### **Mask update for places of worship and faith-based practices**

Masks (covering the mouth and nose) are required in all shared indoor public spaces.

If singing is essential to your practice of worship or faith-based service, this is permitted, but masks must be worn at all times.

To ensure masks remain effective and protect you, you should change your mask as soon as it becomes damp, and also after you have finished singing.

Make sure you bring spare masks, a bag to keep used masks in, and hand sanitiser to use before and after putting on or taking off a mask.
